2007: GHRS Goes To The States. More Than 10.000 Hotels In The Main U.S. Destinations.

Friday 2 March 2007 | GHRS, the online hotel distribution company, announces the expansion of its distribution network with the acquisition of a wide range of accommodation in the States.

The announcement marks a turning point in GHRS expansion strategy. [Luca Fenzo](#), GHRS managing director, comments: "within the third quarter of 2007, GHRS network will include the most important and famous cities in the U.S with more than 10.000 properties".

"The strength of GHRS, as one of Europe's leading online distribution companies, will ensure that we continue our strong growth and consolidate our position in the travel market extending our network of already more than 12.000 properties".

"What distinguishes the company is the ability of conceiving solutions that always meet the customer needs", continues Luca Fenzo. "The particular care and the attention given to every single contact together with our consolidated experience make of GHRS the perfect provider for both corporate and leisure consumers. These are the main grounds of our strong and continuous growth".

GHRS, operating since 1999, is considered to be one of the leading companies in the online travel market.

Providing cutting edge solutions for hotel distribution, the company operates a portfolio of well-recognized products including [Ghrshotels.com](#), [Unitravel.com](#), [Domino](#), [WorldSpan](#) and [Nova](#).

GHRS offers hotel managers and travel agents technologically-advanced tools to optimize and managing the tourist offer and its related products.

Thanks to the development of a new connection technology to hotel CRS, GHRS signed agreement with some of the most important international hotel chains such as Hilton.
